

CARLOS JOSÉ REQUENA JIMÉNEZ

Solutions Architect – Software Engineer

As an experienced IT Software Solution Architect expert with 14+ years of experience in Cloud Architecture, Software Architecture, Software Development, Automation, Optimisation, Storage, Designing fault-tolerant solutions, Demonstrated mastery in evaluating requirements for business application integration and service activation. Proven mentor and training with expertise in communicating across organisational levels and with cross-functional teams to drive shared vision and foster culture of excellence. I am writing to express interest in the position of **Integration Solutions Architect**.

My professional experience includes working with customers to deliver their architecture on the AWS platform, providing architectural advice, analysing requirements, developing specifications, technical product knowledge and technical reviews including Integration Patterns and Design Patterns. I would greatly appreciate the opportunity to utilise the skills I have accrued over the course of my career to contribute towards the growth of your organization.

Please review my attached resume for additional details. Do not hesitate to reach out at **cjrequena@outlook.es**, if you have any questions or clarifications on my experience. I would love to meet with you and discuss the position in detail. Also you can find out my personal blog at <https://cjrequena.com> and my online resume at <https://cjrequena.com/resume>

I know recruiting can be a long and stressful procedure so I'd like to thank you for taking the time to consider my application.
